

# WIC Bits

MARCH 24TH, 2017

*"You have to have confidence in your ability, and then be tough enough to follow through."*

*-Rosalynn Carter, First Lady during President Jimmy Carter's term & leading advocate for numerous causes, including mental health research*

## A Day In The Life at Ford IT!

**When :** Tuesday, March 28th @ 6 PM

**Where :** 2243 Engineering Building

**Details :** This next Tuesday, three Ford IT professionals will be here to give a flavor of what it's like to work at Ford, covering three different sectors of IT at Ford - Infrastructure Programs, Enterprise and Emerging IT space, and their Agile Center of Excellence. Information will also be given about Ford's exceptional IT rotational program for new graduates.

Food will be provided.

**RSVP Here! -> [Facebook Event](#)**

## Michigan Celebration of Women in Computing (MICWIC)

**When :** March 31st - April 1st

**Where :** East Lansing, MI

**Details :** This biennial conference will be held at

Michigan State University this year! There will be presentations, panel discussions, a poster session, and opportunities for career exploration. They welcome participation by anyone interested in learning about the rewards of careers in computing fields or in advancing technology through broader representation of women. There will also be a career fair that features both regional and national companies and many Michigan colleges and universities.

If you are interested in attending, registration is now open and is \$25. WIC is able to sponsor up to \$15 of the registration costs for members. Everyone must pay for their own registration initially and then they will get reimbursed later.

**Registration closes Monday, March 27th.**

### **Other Upcoming MSU WIC Events**

#### **Self Defense Workshop -**

**Tuesday, April 4th @ 5 - 7 PM**

**2243 Engineering Building**

#### **End-of-Year Panda Social -**

**Tuesday, April 11th @ 6 PM**

**International Center Food Court**

### **Job Postings**

#### **MATRIX, Center for Digital Humanities and Social Sciences**

MATRIX offers competitive hourly pay and a flexible schedule to accommodate students' class schedules.

#### **Front-End Developers Wanted**

MATRIX is currently looking for Front-End Web

Developers who are motivated to combine the art of design with the art of programming. Responsibilities will include translation of visual compositions into interactive and responsive implementations. You will work with UI/UX designers and back-end developers in order to bridge the gap between graphical design and technical implementation, taking an active role on both sides and defining how the application looks as well as how it works.

See the complete job description here:

<https://msu.joinhandshake.com/jobs/576907>

### **Back-End Web Developers Wanted**

MATRIX is currently looking for Back-End Web Developers who are motivated to learn about the ever growing field of web application development. Responsibilities will include programming of new and existing site infrastructures and database management. You will work with other back-end (and front-end) developers to implement the functionality of web applications while meeting efficiency and security standards.

See the complete job description here:

### **Michigan Council of Women in Technology Summer Internship Program**

This program matches college student interns with intern openings at MCWT partner companies and enables you to apply your tech-savvy skills, explore career niches, gain professional experience and build strong connections. It will also provide you with a friendly and collaborative working environment where your leadership, communication, teamwork, analytical and technical skills will be enhanced. This internship will help you gain valuable industry experience and shape your future career possibilities.

You must be a full-time first- or second-year female college student with a 3.0 GPA or better pursuing computer science or an equivalent as a major at a Michigan college or university. Additional qualifications

include having a general knowledge of standard office applications (e.g. PowerPoint, Excel, project) and an understanding of basic IT skills (e.g. coding, data, hardware/software, process).

You will gain vital experience in new technologies, work in professional teams and develop presentations and communications. It will be a great opportunity to become an integral part of the Michigan Council of Women in Technology Foundation organization with fellow members, interns, partner companies, and key members of Michigan's technology industry.

You are invited to submit your resume to: [MCWTintern@mcwt.org](mailto:MCWTintern@mcwt.org). You are encouraged to submit as soon as possible for consideration. They will be conducting rolling reviews to match candidates to available intern positions. The internship will run in the June to September 2017 timeframe for a minimum 6 weeks with possible extension options. Should you have any questions, please contact [MCWTintern@mcwt.org](mailto:MCWTintern@mcwt.org).

## **MSU CSE Game Design Minor**

**Deadline :** March 31st

**Link :** <http://gamedev.msu.edu/apply/>

**Details :** Do you still need to figure out what your cognate is? Do you enjoy video games or are you interested in developing one yourself? MSU offers a Game Design and Development Minor that would allow you to explore what it takes to be a video game developer! The application for this minor is open to rising Juniors and the deadline to apply is the end of this month.

## **Go Green in the City 2017 Competition**

**Deadline :** May 12th, 2017

**Link :** <http://www.gogreeninthecity.com>

**Details :** Go Green in the City 2017 is the 7th edition of the ultimate global student competition. You are

invited to join the premier student competition for sustainable energy solutions. Solve real-world business challenges from Schneider Electric, a global leader in energy management and automation with a strong focus on sustainability.

Twelve teams of finalists from around the world will be sponsored on a trip to the grand finale in Paris where they will connect with employees and learn more about what it's like to work at Schneider Electric. The winning team will receive a job offer from Schneider Electric and an opportunity to visit Schneider Electric offices around the world.
