

WIC Bits

NOVEMBER 11TH, 2016

"Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time."

– Thomas Edison

Hacker Fellows Tech Talk!

When : Tuesday, November 22nd

6:00 PM

Where : 2400 Engineering Building

Details : Hacker Fellows' team will be here to discuss the Hacker Fellows program (a 1-year fellowship program that assists you with getting a job with early-stage tech companies in Michigan) and what it is like to work in a startup. They will be accompanied by current and past Fellows to answer any questions you may have about the program and about launching a successful career as a young software developer.

Food will be provided.

Please RSVP! -> [Facebook Event](#)

Lean In Circle -

November 29th @ 6 PM

2400 Engineering Building

Career & Networking Opportunities!

Advancing Women in Business

When : Tuesday, November 15th

5:00 - 8:00 PM

Where : MSU Kellogg Hotel & Conference Center

Details : This is a free event, sponsored by the MSU Broad College of Business. It focuses on women in the workforce and affords a chance to mix and mingle with women leaders, learn about skills sets to build for leadership, and the do's and don'ts for early career women. **They are very excited to have women engineering students attend.**

Registration is on [eventbrite](#). There are two pre-conference workshops and the main event. If you are interested in attending, please register soon.

Other Upcoming MSU CSE Events

Spartan Hackers : Intro to SQL Databases

When : Monday, November 14th

7:00 - 9:00 PM

Where : 233 Communication Arts and Sciences

Details : Want to learn more about how to interact with SQL databases and what they are used for? Then come to Spartan Hacker's SQL workshop! They will show you how databases are important in many applications, such as in websites, and how you can control them using Python and web apps. Additionally, they will use D3.js to provide visualizations based on the content of a database. You will need to know some Python, JavaScript, and a bit of HTML and CSS for this workshop. As always, pizza will be provided.

Be sure to check their Facebook page for the required skeleton programs and scripts you will need.
