# WIC Bits

*"The best way to predict the future is to invent it."*

**–Alan Kay**

## Spectrum Health Tech Talk

**When :** Tuesday, February 19th @ 6:00 PM

**Where :** 3400 Engineering

**Details :** Join us for a Tech Talk by Spectrum Health: Accessibility and Inclusive Design is not specifically designing for disabilities, but rather for everyone. At Spectrum Health, we are not designing for people who want to use our products… we are designing for people who are having terrible days, in all walks of life. Any added friction to their experience, causes more pain to their healthcare experience.
As always, dinner will be provided.

**Please RSVP! -> Facebook Event**

## Women in Technology Symposium:

Target is hosting their 4th Annual Women in Technology Symposium this May. This is a great event for students wrapping up their sophomore year to learn more about technology at Target, connect with senior leaders, shadow engineers and interview for internship opportunities. Apply for this opportunity here.

## Impression 5 Volunteers Needed

The event is on February 17 from 11am - 4pm at Impression 5 Science Center. For those volunteering, lunch will be provided. WIC is doing an activity with Olli Bots. This event will be a competition between groups and the most popular group gets $500!

If you would like to volunteer please sign up at the link here.

## MSU CSE Organizations

**Spartan Hackers: TBD**

Stay up to date with Spartan Hackers through their Facebook page!

**ACM : TBD**

Stay up to date with ACM through their Facebook page!
