Michigan Celebration of Women in Computing (MICWIC)

When : March 31st - April 1st

Where : East Lansing, MI

Details : This biennial conference will be held at Michigan State University this year! There will be presentations, panel discussions, a poster

---

"I've come to believe that each of us has a personal calling that's as unique as a fingerprint – and that the best way to succeed is to discover what you love and then find a way to offer it to others in the form of service [and] working hard."

-Oprah Winfrey, talk show host, producer, and philanthropist

session, and opportunities for career exploration. They welcome participation by anyone interested in learning about the rewards of careers in computing fields or in advancing technology through broader representation of women. There will also be a career fair that features both regional and national companies and many Michigan colleges and universities.

If you are interested in attending, registration is now open and is $25. WIC is able to sponsor registration costs for a certain number of members, so watch for the **application for sponsorship** which will be going out soon. Everyone must pay for their own registration initially and then those who are sponsored will be reimbursed for a max of $15.

Ford Tech Talk -

   Tuesday, March 28th @ 6 PM

   2243 Engineering Building

Job Postings

MATRIX, Center for Digital Humanities and Social Sciences

MATRIX offers competitive hourly pay and a flexible schedule to accommodate students' class schedules.

Front-End Developers Wanted

MATRIX is currently looking for Front-End Web Developers who are motivated to combine the art of design with the art of programming. Responsibilities will include translation of visual compositions into interactive and responsive implementations. You will work with UI/UX designers and back-end developers in

order to bridge the gap between graphical design and technical implementation, taking an active role on both sides and defining how the application looks as well as how it works.

See the complete job description here: https://msu.joinhandshake.com/jobs/576907

Back-End Web Developers Wanted

MATRIX is currently looking for Back-End Web Developers who are motivated to learn about the ever growing field of web application development. Responsibilities will include programming of new and existing site infrastructures and database management. You will work with other back-end (and front-end) developers to implement the functionality of web applications while meeting efficiency and security standards.

See the complete job description here: https://msu.joinhandshake.com/jobs/609081

Michigan Council of Women in Technology Summer Internship Program

This program matches college student interns with intern openings at MCWT partner companies and enables you to apply your tech-savvy skills, explore career niches, gain professional experience and build strong connections. It will also provide you with a friendly and collaborative working environment where your leadership, communication, teamwork, analytical and technical skills will be enhanced. This internship will help you gain valuable industry experience and shape your future career possibilities.

You must be a full-time first- or second-year female college student with a 3.0 GPA or better pursuing computer science or an equivalent as a major at a Michigan college or university. Additional qualifications include having a general knowledge of standard office applications (e.g. PowerPoint, Excel, project) and an understanding of basic IT skills (e.g. coding, data, hardware/software, process).

You will gain vital experience in new technologies,

work in professional teams and develop presentations and communications. It will be a great opportunity to become an integral part of the Michigan Council of Women in Technology Foundation organization with fellow members, interns, partner companies, and key members of Michigan's technology industry.

You are invited to submit your resume to: MCWTintern@mcwt.org. You are encouraged to submit as soon as possible for consideration. They will be conducting rolling reviews to match candidates to available intern positions. The internship will run in the June to September 2017 timeframe for a minimum 6 weeks with possible extension options. Should you have any questions, please contact MCWTintern@mcwt.org.

MSU CSE Game Design Minor

Deadline : March 31st

Link : http://gamedev.msu.edu/apply/

Details : Do you still need to figure out what your cognate is? Do you enjoy video games or are you interested in developing one yourself? MSU offers a Game Design and Development Minor that would allow you to explore what it takes to be a video game developer! The application for this minor is open to rising Juniors and the deadline to apply is the end of this month.
