Research Opportunities

CCU Summer Undergraduate Research Fellowship -

The Coastal Carolina University Summer

"Everything you've ever wanted is on the other side of fear."

– George Addair

Undergraduate Research Fellowship (C-SURF) is a summer research program for math, physical science, engineering, and computer science students. C-SURF is sponsored by the National Science Foundation. Participants will collaborate with researchers on projects that integrate computing and geoscience to advance understanding of coastal zones, climate variability, big data analytics, and related topics. Applicants must have completed two years of undergraduate studies. This program runs from May 21 - July 27 2018. CCU is located in Myrtle Beach, South Carolina. Participants will receive a stipend and travel/housing costs will be provided. Applications are due February 10. Check out this [site](#) to apply and learn more!

Scholarship Opportunities

Michigan Council of Women in Technology Foundation Scholarship

The MCWT Foundation offers college scholarships through an application and interview process to qualified young women who are entering or currently majoring in IT fields. Applications will be accepted October 1st to January 31st. Students must be Michigan residents, have a GPA above 3.0, be enrolled in a full time university in Michigan and be a US citizen to be eligible. Visit this [link](#) for additional information about the application and review process!
