WIC Bits

"Leadership is not bullying and leadership is not aggression. Leadership is the expectation that you can use your voice for good. That can make the world a better place."

– Sheryl Sandberg, COO of Facebook and founder of Lean In

Lunch with Crowe Horwath!

When : Monday, September 26th

12:00 - 1:30 PM

Where : 3105 Engineering Building

Details : Kick off Career Week with a lunch sponsored by Crowe Horwath, where they will be sharing internship opportunities at their company as well as tips and tricks for success at Career Fairs. Their topics include technologies at Crowe, how to talk to recruiters and employers, and interview tips. If you are interested in Crowe Horwath or just want to get some great prep to have your best Career Week yet, stop on by!

Facebook Event

Target Tech Talk!

When : Thursday, September 29th

6:00 PM

Where : 3105 Engineering Building

Details : Have any lingering questions about Career Fairs? Want to prepare for more Career Fairs and interviews in the future? Target will be here Thursday night to answer any questions you may have developed from the activities of Career Week. They will be

covering topics including resume help, how to talk to recruiters, and how to prep for interviews.

Food will be provided!

Other Upcoming MSU CSE Events

Spartasoft : Weekly Concept Art / Sketching Classes

When : Every Sunday

   10:00 AM

Where : Communication Arts and Sciences, Rm. 246

Details : For those who are interested in developing games, graphics, and/or art, this FREE weekly class about concept art and sketching is a great opportunity!

Spartan Hackers : Web Server Setup Workshop

When : Monday, September 26th

   7:00 PM

Where : Communication Arts and Sciences, Rm. 233

Details : Want to be able to make a website and show it to people? Stop in to learn how to use the command line on a Linux server to install a web server, configure it to serve your website, and set up a domain name! No experience necessary, and as always, you'll be fed!
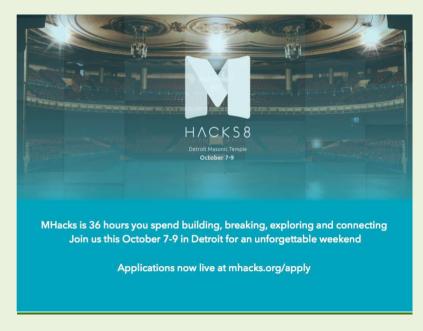

Spartasoft : Creating Art for Games

When : Wednesday, September 28th

   7:00 - 8:00 PM

Where : (tentatively) Psychology Building, Rm. 120

Details : Spartasoft's next meeting is about creating art for games! Be sure to bring your laptop with you when you attend the event, as meetings are usually hands-

on.

Other Upcoming Events

MHacks 8

> **When :** October 7th - 9th

> **Where :** Detroit Masonic Temple

> **Details :** MHacks is a 36-hour hackathon organized by students at the University of Michigan. Every semester over 2000 students from all over the world gather to work in teams to build or code projects, or "hacks", that they are excited about. Technology, hardware, food, workshops, and anything else you need to make your project happen is provided throughout the course of the hackathon. It is a great opportunity to work with amazing technologies, people, and gain hands-on experience with putting your programming skills to work!

> For more information and direction on how to apply, visit their website or Facebook page.

> If you decide you are interested in going, make sure to check out Spartan Hacker's Facebook event where they

are coordinating rides to get to Detroit!

IEEE Women In Engineering Leadership Summit

> **When :** October 6th - 7th
>
> **Where :** Novi, Michigan
>
> **Details :** Join more than 200 women leaders, innovators and entrepreneurs from the Great Lakes region and other IEEE regions at the IEEE Women in Engineering International Leadership Summit. The focus is on professional leadership topics, including managing technical teams, developing executive presence, finding strength, overcoming stereotypes, and succeeding in a second career. The Summit will focus on inspiration, entrepreneurship, innovation and professional growth. Attendees will have opportunities to:
>
> - enhance leadership skills
> - learn new ideas
> - collaborate with technical professionals and industry thought leaders
>
> As an MSU student, you get a **50% discount** on registration with the discount code: WIEILSACADEMIC
>
> For more information and direction on how to register, visit their [website](#).
