WIC Bits

Course Advice Meeting!

When : Tuesday, February 6th @ 6:30 PM

Where : 1202 Engineering Building

Details : WIC is holding our annual course advice meeting next week! We will go through each CSE class and encourage everyone to share advice or ask questions about the course. This will help you schedule for next year or decide which 400-levels are best for you. This has been one of our most popular meetings in the past, and we hope to see you there!

Please RSVP! -> [Facebook Event](#)

Other Upcoming WIC Events

Lean In Circle -

Tuesday, February 13th @ 6:30 PM

1202 Engineering Building

Volunteer Opportunities

WIC's Impression 5 Event -

"The pessimist sees difficulty in every opportunity. The optimist sees the opportunity in every difficulty."

– Winston Churchill

WIC is running an activity at the Impression 5 Museum as part of their Engineering Day! The museum, located in Lansing, is hosting this event on Sunday, February 18 from 11am - 4pm. We are looking for volunteers to help out with this fun day! Please fill out this form to sign up: http://bit.ly/2nq8Cle. Email WIC's Outreach Coordinator Sarah Johanknecht at johankn1@msu.edu if you have any questions!

Introduce a Girl to Engineering -

WIC is looking for volunteers for the Computer Science activity at Introduce a Girl to Engineering. The activity will include Ollie Bots, Finch Robots, and Light Bots. This will be held on Saturday, February 24th from 12:00pm - 4:00pm in the Engineering Building. Volunteers will get a free t-shirt and pizza for attending. Go to this link to sign up. When signing up, select 'I was asked to help with a specific activity' under 'volunteer options' and enter 'Harshita Das' for the 'leader name' section. Email Harshita Das, WIC's Outreach Chair, at dasharsh@msu.edu if you have any questions!

Coding Competitions

Google Code Jam to I/O for Women -

Code Jam to I/O is a single-round online algorithmic coding competition. It is designed to bring women in tech together in an online coding space. This event will be held on Saturday, February 17. The top 150 participants will receive a ticket to attend the annual developer conference, Google I/O. Learn more and register here!

Research Opportunities

CCU Summer Undergraduate Research Fellowship -

The Coastal Carolina University Summer Undergraduate Research Fellowship (C-SURF) is a summer research program for math, physical science, engineering, and computer science students. C-SURF is sponsored by the National Science Foundation. Participants will collaborate with researchers on projects that integrate computing and geoscience to advance understanding of coastal zones, climate variability, big data analytics, and related topics. Applicants must have completed two years of undergraduate studies. This program runs from May 21 - July 27 2018. CCU is located in Myrtle Beach, South Carolina. Participants will receive a stipend and travel/housing costs will be provided. Applications are due February 10. Check out this site to apply and learn more!

MSU CSE Organizations

Spartan Hackers: Intro to Web Dev Part 2

When : Tuesday, February 6th @ 7:45 PM

Where : 1202 Engineering Building

Details : Spartan Hackers is hosting part 2 of their Intro to Web Development series! This meeting will be led by Will Huynh, Spartan Hackers own Director of Software. Check out the Facebook event for more details. Pizza will be provided!
